## About Us

Dewinter Optical Inc. is one of the leading manufacturers, exporters and suppliers of a full range of Biological Microscope, Optical Microscope, Laboratory Microscope, Binocular Microscope, and other type Microscopes and its related Image Analysis Software for biological and industrial applications, . Our software is widely used in pharmaceutical, biotechnological, metallurgical and mineralogy industries and in semiconductor research, forensic sciences, thin film technology and QC laboratories. Apart from that we also manufacture and supply Digital Camera and Micro Photographic Cameras.

Established in 1989, currently, we are an internationally recognized organization serving our clients for years. Under the leadership of Mr. Rajiv Luthra (Legal Representative/CEO), we have grown by leaps and bounds. Through the course of time, we have diversified with our business and as a result, our Software is available in Russian, Spanish, Portuguese and French languages. As a special feature of our company, we offer our software under the name of the company that is associated with us.

The various models of microscopes are available in different configurations of Monocular, Binocular and Trinocular Observation Tubes, as per customer requirements. Some of the most useful accessories such as Dark Field, Phase Contrast or Polarizing Attachments are readily available with us. We have maintained a complete catalog of our products that our clients can select from.

Key Facts

No of Staff	15
Year of Establishment	1987
OEM Service Provided	No

**Our Products**

**Dark Field  
Metallurgical**

**Textile Analysis  
Software**

**Tissue Culture  
Microscope**

**Advanced Fluorescent  
Microscope**

**Inverted Tissue Culture  
Microscope**

**Dual Head Microscope**

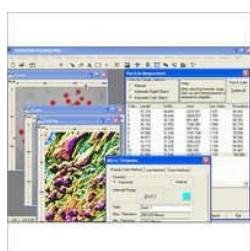

**Five Head Teaching  
Microscope**

**Material Analysis  
Software**

**Cast Iron Analysis  
Software**

**Pharmaceutical  
Analysis Software**

**Image Analysis  
Software**

**Image Analysis  
Software- Caliper Pro**

**Trinocular  
Metallurgical**

**Inverted Metallurgical  
Microscope**

**Trinocular  
Metallurgical**

**TRINOCULAR INVERTED  
MICROSCOPE**
