About Us

1975 marked the year, when we, Fibro Chem Industries, commenced our operations. Since our start, we have been selling top quality Textile Chemicals such as Antimicrobial Chemicals For Textile, Astroxil-SG Chemical, Cybersoft Chemical, Fabcol Chemical, Fibrofinish HSM-150 Chemical, Liquid Silicone Spreader, and many others. These are carefully prepared by our dexterous personnel from supreme grade ingredients that are procured from certified sources.

We have gained specialization in preparing a range of textile chemicals in different grades and varieties. The specialization is credited to our talented team, which comprises highly polite, sincere, and proficient experts. Our personnel respect the trust of customers, and work with strategies and policies to attain it at the highest level.
