About Us

- **MFC** was established in the year 1994, with the aim to provide cost-effective and reliable services in the field of Transportation/Logistics. We are spread across the length and breath of the country with branches in major cities – Navi-mumbai, kalamboli, Pune, Belgaum, tarpatri, mangoan,punjab .We also provide logistics support to the transport sector by acquiring two warehouses located at Kalamboli & Panvel, Navi Mumbai
- With around 200 dedicated varieties of vehicles running to and from all over country boundaries, we provide safe and sound cargo dispatch to destinations all over India.
- MFC covers an out-sized percentage of transport movement in India transporting goods in normal trucks, Containers 40 & 20 size on flat trucks & ODC consignment on trailers.
- Our extremely efficient controls due to our effective management & experience of 2 decades make us quality suppliers and at the same time economical.
- The company's excellence lies in providing transportation of Pharmaceutical goods, Industrial goods, FMCG, Chemicals, Textiles, Steel Ingots and Billets, Paper Rolls, Hr Coils, plates, Round Bars etc.
- MFC specialized in material handling by giving proper orientation to the driver checking past records and with skilled experience employees in the team making a favorable choice among the customers
- Nearly 2 decades of experience in the industry makes us the favorable choice. It is our vivacity and passion for customer delight that has helped us progress year after year.

□ **Our Vision**

- To continually create infrastructure required for providing consistent, safe, value based transportation and supply chain solutions globally to all our customers

□ **Our Mission**

- Our team of professionals will effectively achieve set objectives through fairness, innovation, systems orientation while ensuring transparency with both internal and external customer

Safety First Commitment

- MFC understands that dependable deliveries start with a commitment to safety. That's why MFC first Guiding Principle is to “always exercise the best practices for the protection of our people, our customers and the public.”
- We have a full time Safety Department dedicated to company wide safety.
- We only recruit safe drivers with clean safety records.
- All new drivers receive a three-day driver orientation and safety program.
- We constantly monitor for safety related violations and concerns and take immediate corrective action when necessary.
- We provide safety training (and re-training) to all our terminal employees.
- We set Safety Targets against Industry Benchmarks. Our goal is to reduce all incidents
- MFC has developed and implemented a safety calendar, which focuses on specific safety related topics throughout the year.
