## About Us

Microanalytik Instruments Private Limited is a well known organization in Ambarnath, Thane, Mumbai (Maharashtra, India) which consist a group of talented professionals, each holding immense experience & knowledge in the field of scientific, analytical, processing, testing and measuring instrumentation. The firm is founded by a group of technical professionals along with their hardworking team in the beginning of the year 2014 in Mumbai. The engineering background and years of technical & marketing experience of our founders enable us in attaining good brand image in the market. Microanalytik Instruments Pvt. Ltd. has good contacts with the customers which include jewelery manufacturers, refinery plants, Gold testing centers (Touch) and assay & hallmarking centers.

We are mainly into the sales & servicing business of Analytical Instruments specially X-ray radiation based instruments which are used in the analysis of Gold & other precious metals. Offered X-Ray Fluorescence (XRF) Instruments are mainly utilized for on-line inspections, thickness measurements, elemental analysis and laboratory & quality control applications. In late 2014, the firm is expanded under the specialized management and scattered its sales/service network to all over India and nearby countries. In this year, we have also made collaborations with various foreign principals to promote & support their advance & hi-tech products in India. Our team members have attended numerous trade shows, seminars, workshops and sales/service training courses which are organized by our foreign principals in their own production facilities with the aim to support their product line efficiently.
