About Us

Founded in 2011 and based in Mulshi, Maharashtra, R S Automation has emerged as a trusted manufacturer, supplier, and trader specializing in high quality industrial automation solutions. With over a decade of experience, we are committed to delivering reliable, innovative, and efficient products that meet the diverse needs of our clients across various industries. We offer a comprehensive range of products including Electric Servo Voltage Stabilizer, Panel Air Conditioner, Cnc Machine Telescopic Cover, Industrial Online Ups Systems and much more. Each product is designed and manufactured using cutting edge technology and superior quality materials to ensure optimal performance and long lasting durability. Our strong focus on research and development enables us to stay ahead in a competitive market, providing solutions that enhance productivity and operational efficiency.

Customer satisfaction is at the core of our business philosophy. We work closely with our clients to understand their unique requirements and tailor our offerings accordingly. Our skilled team of professionals ensures seamless project execution, reliable after sales support, and timely delivery, making us a preferred partner for industrial automation needs. Driven by innovation, quality, and trust, we strive to contribute significantly to the industrial sectors growth by providing excellent products and services. We continue to expand our product portfolio and enhance our capabilities to serve our customers better, reinforcing our position as a leader in the automation industry in India.
