About Us

K-Tech (India) Limited is a well known name in Indian as well as international markets which is known for its top class products, immense experience, innovative technology and exceptional services. Incorporated in the year 2000, we are a dynamic medium sized corporation which is fulfilling the diversified requirements of leather, paper, textile, garment, rubber, paint and many other industries through our premium range of Speciality Chemicals and Speciality Coating Additives. The accurate composition, longer shelf life and safe usage of our Printing Ink Additives, Polymer, Leather Additives, Rubber Additives, Specialty Paper Chemicals, etc., increase their demands in European, Asia Pacific and African countries. Being an ISO 9001:2008 certified firm, special attention is given to maintain high quality standards in our product range so, that they can get worldwide acceptance. Our unwavering commitment to come up with unmatched quality products through the usage of latest technology has enabled us to attain a remarkable position of manufacturer and exporter in the market. Along with this, we have also earned the memberships of reputed bodies like All India Printing Ink Manufacturer's Association (AIPIMA), Indian Small Scale Paint Association (ISSPA) and Indian Paints Association (IPA).

Thane, Maharashtra (India) settled K-Tech (India) Limited, is not only specialized in manufacturing Speciality Chemicals, Speciality Textile Chemicals and Speciality Coating Additives but also capable enough to understand the dynamics of domestic as well as global markets which is made possible only because of its more than a decade experience. By optimally utilizing the expertise and knowledge of our professionals, we are able to bring forth Paints & Coating Additives, Polymer & Rubber Additives, Speciality Textile Chemicals, Speciality Paper Chemicals, etc., which are accurately composed by using high grade chemical substances. Besides introducing new products, we also focus on improving the existing product line in terms of durability, features and effectiveness. Apart from the quality products, our ISO 9001:2008 certification is one of the main reasons that most of the Indian and international companies want to associate with us.
