About Us

Established in the year 2000, we have been well known in the industry for our innovative technology, premium quality products, and exceptional level of services. K. Tech (India) Ltd. is a dynamic, focused and rapidly emerging medium sized and professionally managed non aligned company with core competence in Speciality Chemicals and Speciality Coating Additives. The company, within a short period of time, has created a niche for itself in the industry through its unwavering commitment to understand the existing and new technology that can help to promote a new level of quality standard in the industry. Besides this strict adherence to quality and cutting edge technology, we are also well known in the industry for our ability to produce customized products. Thus, in every aspect, we have established ourselves as the most reliable manufacturer, exporter of a massive range of products such as Textile Chemicals, Paints & Coatings, Printing Inks, Plastics & Rubbers, Additives for Allied Industries, Process & Functional Chemicals, Paper & Pulp Chemicals, Pigment Synergists & Additives, Leather Finishing Additives, Wetting agent etc. The speciality textile chemicals include wetting agents, scouring agents, mercerizing chemicals, desizing agents, levelling and dispersing agents: polyester dyeing additives, dye-fixing agents, wash & spoaping off agents, biocides, softeners, repelling agents, and sequestering agents. These chemicals are used for dyeing and printing purposes in textile and garment industries.

K-Tech (India) Limited, a 2000 establishment has become specialized in manufacturing Speciality Additives and Speciality Chemicals. The Manufacturer and Exporter ships printing inks, textile chemicals, process & functional chemicals, pigment synergists & additives, Hammertone Additive, leather finishing additives, paints & coatings, such as hammer tone additives, anti-sagging compound, foam control, etc., to all parts of India as well as European, Asia Pacific and African countries. These chemicals and additives developed using cutting edge technology find application in industries, such as textile, garment, paper, leather, wood, etc. The personnel at the company continually strive to meet and exceed the requirements of our customers.

Key Facts

Nature of Business	Manufacturer
No of Staff	65
Year of Establishment	2000
No of Production Lines	1
OEM Service Provided	No
Monthly Production Capacity	As per order

Our Products

Associative Thickeners

Anti-Gelling Agent

Adhesion Promoter

Rub Resistance

Anti-Bacterial Agents

**Base Tinter
Compatibiliser**

**Emulsion
Polymerization**

Adhesion Promoters

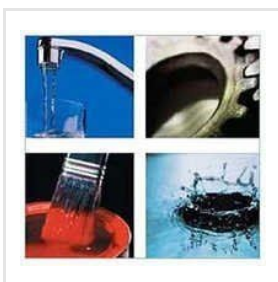

Corrosion Inhibitors

**Charge Dissipation
Agent**

New Biocide

**Speciality Process &
Functional Chemical**

**Speciality Paper
Chemicals**

**Pigment Synergists &
Additives**

Anti-Fungal Agent

Catalysts Chemical
