## About Us

Established in New Delhi, Sky Fire Engineering, is a trusted manufacturer and exporter of premium-quality fire fighting equipment and accessories. One can avail Fire Bucket, Hose Reel, Fire Sprinkler, Fire Extinguisher and many other products from us. We offer a comprehensive range of products engineered to combat fire effectively, helping safeguard lives and property. Manufactured at our advanced infrastructure using high-grade raw materials, our products are known for their reliability, ease of use, and environmental safety. We ensure every item undergoes strict quality checks by professional auditors before reaching our clients.

Our offerings are tailored to meet specific client requirements and are priced competitively without compromising quality. With a spacious warehouse and a streamlined supply chain, we fulfill bulk and urgent orders efficiently. Our dynamic team engages closely with clients to understand their needs and incorporates regular feedback to enhance our solutions. Regular training ensures our workforce stays ahead of industry trends. Under the visionary leadership of Mr. Rohtash Sharma, we have built long-term, trustworthy client relationships. His strategic direction and experience have positioned us as a preferred partner in fire protection, helping us steadily progress toward becoming an industry leader.
