About Us

With an aim to be a market leader dealing in an extensive range of industrial machinery and equipment, we, AN Engineering established ourselves in the year 2013. Over the years, with consistency in our efforts and rigorous hard work, we have earned the tag of a reliable manufacturer and supplier of Chilli Bottom Blowers, Mild Steel Dressing Machines, Industrial Chilli Grinder Pulversisers, Heavy Duty Oil Polisher Machines, and more products. Every product that we offer is the result of our impeccable skills, brilliant minds, and years of experience.

Today, with almost 10 years of experience in the industry, we are quite familiar with what delights the customers.

Based in Hyderabad (Telangana, India), we, AN Engineering, are a reputed manufacturing and supplying company in the market. Owing to our extensive knowledge of the industry and high performance efficiency, we are able to deal in a wide range of premium-grade industrial machines that are majorly used in the food sector in the manufacturing processes of various spices and oils. Our product range includes Heavy Duty Oil Polisher Machines, Industrial Chilli Grinder Pulverizers, Mild Steel Dressing Machines, Chilli Bottom Blowers, and more. Each of our products is made in compliance with the predefined industry norms and as per the requirements of a large customer pool. The durability factor, coupled with the precise construction and non-corrosive body, is accelerating the demand for our products in the market. Nationwide, customers prefer us to fulfill their requirements for the aforementioned products.
