● Company Introduction

since the establishment in 1999, Actiontech has made continuous and tremendous efforts to pioneering the future and contributing to the advance system of mankind by developing and providing the RFID related security solution and system under a business philosophy of elevation the quality of human life.

I believe that the present success of Actiontech is by virtue of our valuable customer's concern and encouragement.

In order to meet the demand of customers, we have devoted our core capability to the development of technologies.

With our novel ideas and unique solutions, we take pride in having contributed to the creation of convenient and safe world.

Now, Actiontech promises to be a global company that cultivates the better future and leads the ubiquitous world by making continuous efforts to contribute the development of mankind. Thank you!

● Items (품목 및 제품명 등 한줄로 간단한 소개)

[firezero-t](#), [firezero-b](#)

[An Innovative extinguisher based in the cutting-edge technology](#)

● Features

[firezero-t](#)

[firezero-b](#)

● Specification

Fire zero-t

[An Innovative extinguisher based on cutting-edge technology](#)

- ▶ Portable Fire Extinguisher(Wrapping Cloth type)
- ▶ Full Autonomous Mode : Automatic operation by detecting surrounding temperature
- ▶ Method of Firefighting : Fire inhibitor, Cooling effect,
- ▶ Easy Installation : No service required
- ▶ Effective against all classes of fire including A, B and C
- ▶ Activating Temperature : 120 °C ~ 150 °C

Fire zero-b

[An Innovative extinguisher based on the cutting-edge Nano](#)

- ▶ Portable Fire Extinguisher(Wrapping Cloth type)
- ▶ Fireproof fabric with special Nano treatment/Active fire inhibitors and heat absorbers
- ▶ oxygen isolation & cooling of fire source, fire inhibition and extinguishing
- ▶ Effective for Class A and B fire in the initial stage of Fire
- ▶ Applicable for the evacuation from a burning building, home, industrial facilities

Welcome to the Actiontechhompae.

CREATING UBIQUITOUS PROVIDER

Security

Fire Extinguisher

ACTIONTECH IS A SOLUTION PROVIDER
SPECIALIZING INTERGRATED SECURITY SYSTEMS
AND SMART AUTOMATIC FIRE EXTINGUISHERS.

ACTIONTECH Co., Ltd.

FireZERO-t

An Innovative extinguisher based on the cutting-edge technology

Automatic Fire Extinguisher for Medium & Large sized Cabinets

High Performance Extinguisher Based on Microencapsulation technology

Easy installation and effective against all classes of fire: A, B, & C

Automatic discharge of fire extinguishing agent by detecting temperature

Prevention of fire spreading by effective & early step fire-extinguishing

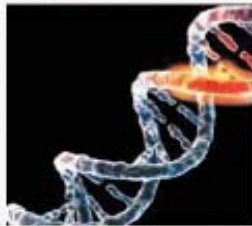

Products Description

fireZERO-t is a smart fire extinguishing system based on the innovative microencapsulation technology. It is a landmark solution of new technology which protects the valuable property from the unexpected fire by short circuit or electric leakage. The active component of fireZERO-t reacts on increase of temperature over a critical value and suppress the fire bed completely.

Key Features & Specifications

The product is a polymer material tube filled with a clean fire extinguishing substance which is a liquefied blend including carbon, fluorine and hydrogen.

- Core Technology : Microencapsulation
- Full Autonomous Mode : Automatic operation by detecting surrounding temperature
- Method of Firefighting : Fire inhibitor, Cooling effect, Oxygen ejection
- Easy Installation : No service required
- Effective against all classes of fire including A, B and C
- Activating Temperature : 120°C~150°C

Model (Series)	Product Size (mm)	Protective Capacity (m ³)
fireZERO-t 30	16 (diameter) x 130 (length)	0.03m ³
fireZERO-t 50	16 (diameter) x 180 (length)	0.05m ³
fireZERO-t 100	16 (diameter) x 490 (length)	0.1m ³
fireZERO-t 200	16 (diameter) x 1,000 (length)	0.2m ³
fireZERO-t 500	16 (diameter) x 1,800 (length)	0.5m ³
fireZERO-t 1000	16 (diameter) x 2,500 (length)	1.0m ³
fireZERO-t 2000	16 (diameter) x 5,000 (length)	2.0m ³

최첨단 자동소화기 **FZ**
FireZERO

Applications

Electric boards, Switch boards, Safes, Servers, Electric Lockers and other medium & large sized cabinets
