● Company Introduction

JION MEDITECH is a company that produces innovative skin care devices.

We developed the world's first dual-layer HIFU* technology and applied it to a home skin care devices. With this device, you can experience skin care from an expert at home.

*dual-layer HIFU(High Intensity Focused Ultrasound) : When high-intensity ultrasound energy is gathered in one place, it heats tissues by using a high temperature of 50 to 60° C that occurs at the focal point.

● Items (품목 및 제품명 등 간단한 소개)

DUAL SONIC is a beauty device that manages skin such as lifting face, reducing wrinkles, and elasticity of skin.

Using dual-layer HIFU technology, it stimulates the SMAS layer (between the skin and muscles) of the face, activating skin resilience.

The package consists of the main body, face cartridge, eye cartridge, charging cradle, usb cable, charger, and moisture blasting gel.
