● Company Introduction

OP is committed to being the world leading sports scoreboard company based on operating excellence and global network. Founded in 2000, OP is a manufacturer of electronic scoreboards. The company provides accurate, excellent service and aims for the highest quality. Based on 20 years of technical know-how, OP has 20 domestic patents and 3 overseas patents and is working hard to develop products.

OP is also a company that respects happiness in the home, work and society. We are providing talent donation and regular sponsorship, and we have been trying to fulfill our social responsibility since 2002 by providing monthly scholarships for boys and girls and athletes.
